LOG ONE | CODESWITCHING RELEASE DATE 9-7-2017

Log One is the second single off the forthcoming CodeSwitching album.

Throughout my life I've known people, and found myself being a person, who spend their days doing jobs they do not like for bosses they do not respect to earn money so they can pay their bills and keep this cycle of misery going. In this song I am breaking free of the day to day rat race and forging my own path to freedom, while providing a lighted path for any that will choose to walk with me.
